

### **Successful Cardiology Group Seeking Part – Time Advanced Practice Clinician (APC)**

**Immediate opening** in established cardiology group for **part-time** Advanced Practice Clinician (NP or PA) to join **practice of 10 physicians** and **several advanced practice clinicians** in Bel Air, MD, located in Harford County, 20 minutes north east of Baltimore.

Success completion of accredited program with appropriate certification exams required. Current licensure in Maryland and ACLS and BCLS certification required. **Prior experience in cardiology preferred.** Prefer a minimum of **one year of acute care and/or cardiology experience**, including ability to competently supervise cardiac stress tests. Proficiency in 12 lead EKG interpretations. Critical care and cardiac cath lab experience highly preferred. Position involves rotating through the outpatient cardiology practice and hospital, with cardiology diagnostic testing and floor consults components of the job.

**Part-Time** APC will be a hospital employee and have a benefitted position. The practice utilizes an electronic health record.

Harford County, MD is a thriving suburban community with ready access to larger metropolitan areas such as Baltimore, Philadelphia, and Washington D.C. Community is noted for safe neighborhoods, a strong school system, and diverse employment opportunities.
